HELLO TO ALL CAMARILLO COMMUNITY BAND MEMBERS

We anticipate another great Summer Concert Season. We have been invited to perform at the Camarillo House on June 30th for their "Throwback Thursday" event. They wanted us to help bring back their summer celebration which has not been held for two years.

This is a great opportunity to play for people who may not have attended our concerts in the past. Bob Hackett will direct and a new band picture will be taken by Kirk Raymond. We will present the concert in our usual format with a variety of music and encourage them to come to our "Concerts in the Park" at Constitution Park.

After this fantastic concert we continue with our regular summer concert schedule. Please find the summer schedule of rehearsals and concerts in the attached below.

We need to know your plans to attend this summer including the special concert on June 30th. Please click on the link below to fill out the attached form. When we know who is participating we can make better decisions about the music selection.

Join us this summer. Help us to continue "Making Music Since 1986"
